Dear Graduates of Batch 23,

Congratulations on reaching this remarkable milestone. Completing this two-year journey has not been easy - it was filled with challenges, sacrifices, and countless hours of hard work. But today, you stand proud, having endured, persevered, and triumphed.

Beyond the technical skills that you have acquired, it is the life lessons - resilience, teamwork, patience, and self-belief that will carry you forward. These are the tools that will shape not just your career, but the kind of person you will become.

As you move on to the next chapter of your life, remember this: success is not just about what you achieve, but also about how you contribute to the world around you. Be useful. Be kind. Be strong. And never stop learning.

We are proud of you, we believe in you, and we can't wait to see what you will accomplish.

With heartfelt congratulations,

**Bro. Peter K sg.**

Montfort Youth Centre's Graduation Day is here once again for the 23rd batch of school leavers. Two years of training have passed, vanishing without fear or favor. Time moves relentlessly, waiting for no one who chooses to compromise it. These words are not unfamiliar to our graduates. In fact, they are often spoken by the staff of Montfort Youth Centre from the very first day of admission until Graduation day.

Spending two years at Montfort Youth Centre is a test of endurance, where students face challenges to build both character and skills. I have witnessed trainees undergo a life that is vastly different from the outside world. However, after completing the two-year program, I have seen a tremendous transformation in them- especially in their character and skills. They have become individuals whom most of their parents are proud of.

To all our graduates, your future is in your hands. As we always say, your future is now. Here at Montfort Youth Centre, you have had the time to reflect, learn, and shape who you want to become. My advice to you is: do not give up easily on what you have endured. Keep climbing toward your dreams, capture them, and hold them close to your heart. Nurture them for your own good, for your parents, for your future, and for others. As St. Louis Marie De Montfort said, "Those whom the world rejects must move you the most." Carry the Montfort Spirit with you wherever you go.

God Bless All of you. Amen.

# General Studies

Dear Batch 23 School Leavers,

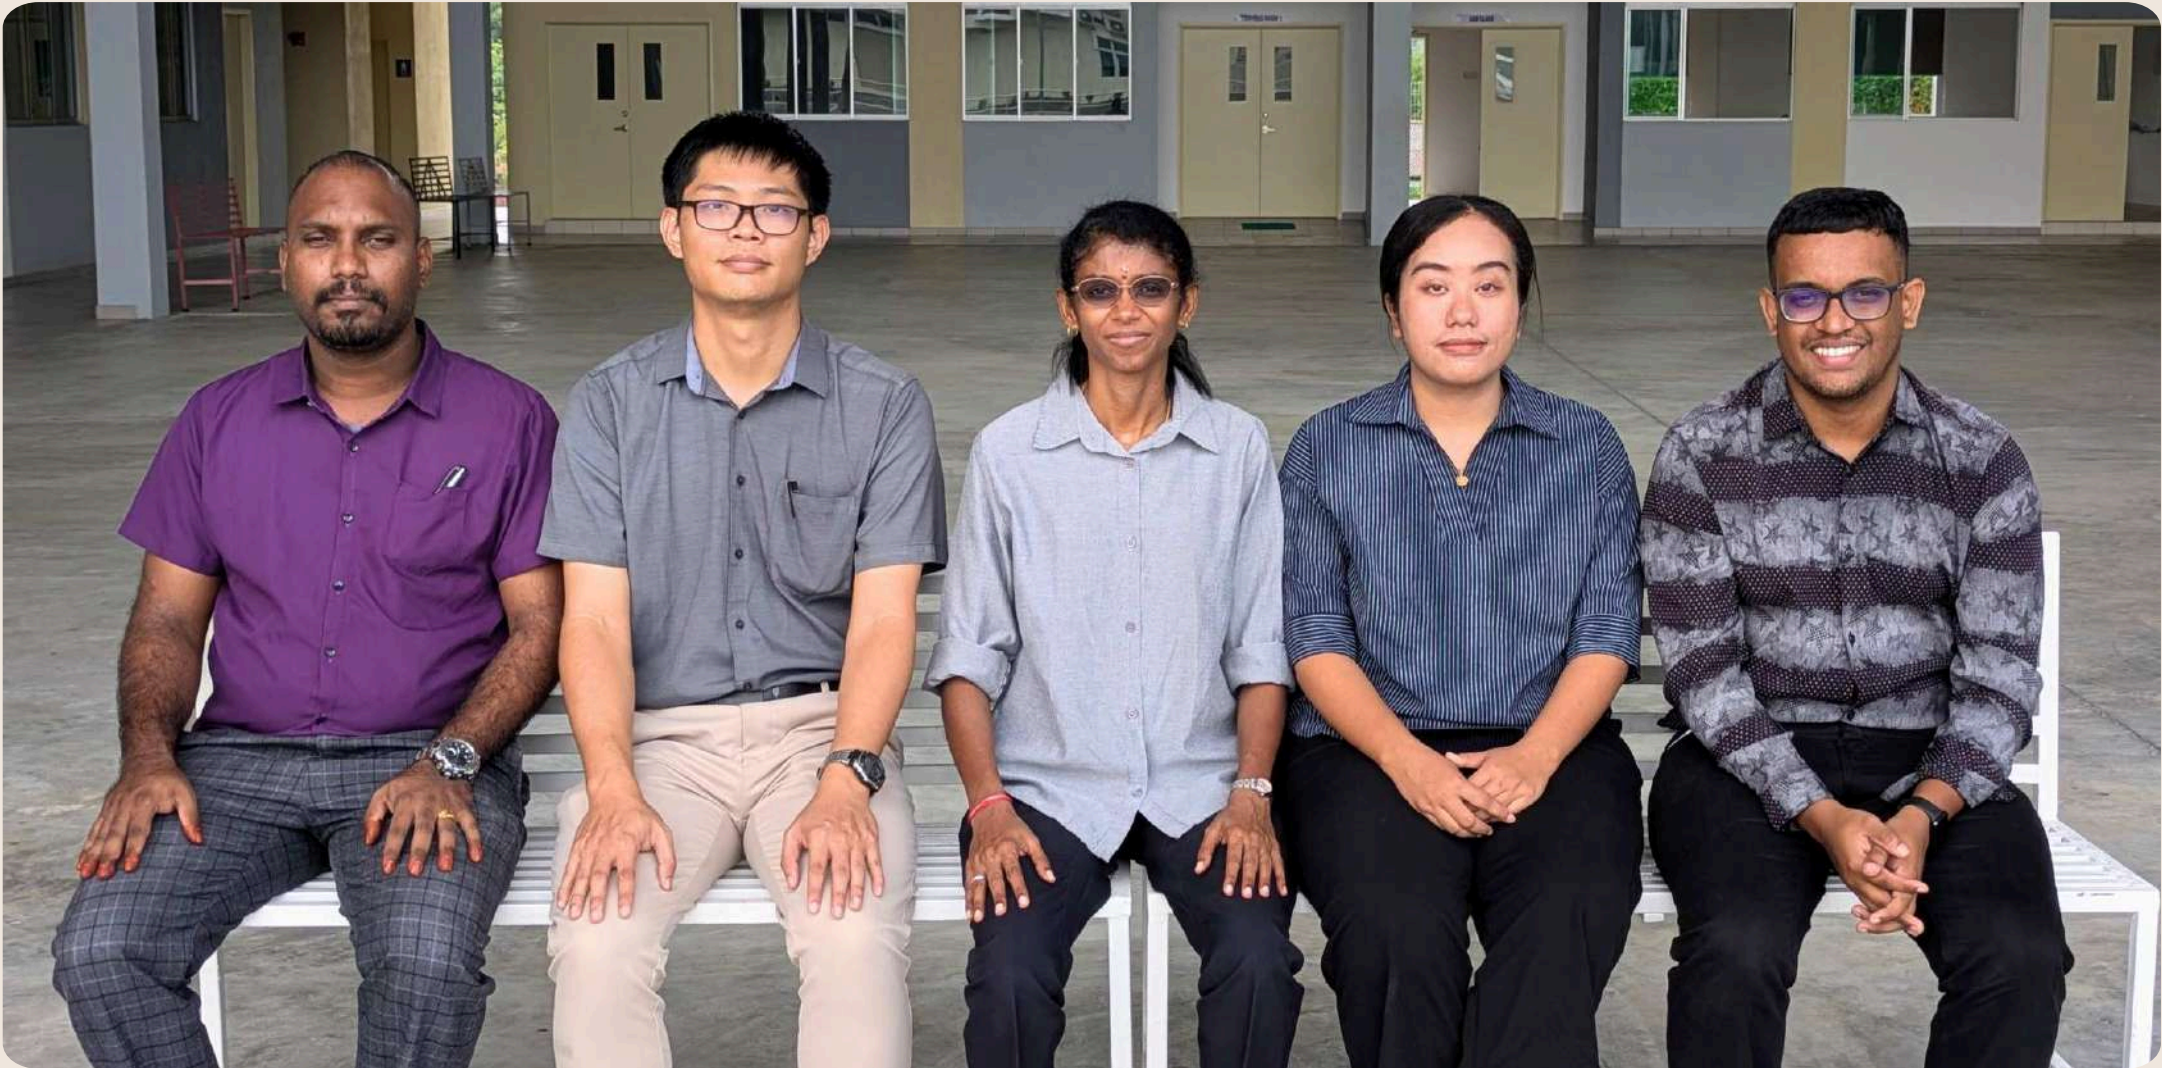

It is just like yesterday and now is your turn to graduate. You came with a baggage of fears, uncertainties and doubts. The year 2023 may never come back to haunt you. You were all waiting for 2025 for a long time. The moment has come for you to graduate and begin your new life.

Most of you had a good internship experience which sets you to face real work-life challenges. You may miss your routine life at Montfort Youth Centre when you worked as a team under the guidance of the Students Affair Officers and instructors from various departments. Now, you need to make your own decisions and may not be counseled or aided unless by family members or good friends. Learn to adapt to this new life. Life may not be a bed of roses. Nevertheless, the training and resilience you have endured will surely help you carve your success story. We, the residents of Montfort Youth Centre will eagerly wait for your return from time to time, maybe during events like the Charity Carnival.

The General Studies Department staff wish you nothing but the best. Take good care of yourselves and your loved ones. Embrace success and endure trials. There is always a rainbow after a storm. May God bless you always. St. Louis Marie de Montfort, Pray for All of You.

Hi! This is Arhun. When I was in Form 3 my father suddenly passed away. Our lives changed as we had to depend on my father's side and mother's side. My mother advised me to study hard. When I was in Form 5, I failed my Sejarah exam twice.

I was very sad. My uncle motivated me to study again.

My uncle suggested that I study at MYC. He said I would learn skills and discipline. I came to study here. At first, I was scared but after 2 years I have grown to be stronger emotionally. Thank you, Bro. Peter K, all instructors, staff and all my friends.

When I came to MYC I felt so bored. Here I could not use my handphone. I had to exercise, do compound cleaning. I thought these two years was moving very slowly. After two years now, I feel like it has just been two months.

Before that, I did not like to study. I went to school and just played with my friends, argued with teachers and slept in my class. I did not study and I failed in my exam. After I was 15 years old, my mother asked me if I wanted to study at MYC or to continue living like that. After 2 days, I chose to come to MYC. Here, I have learnt a lot of things, such as having good discipline and having a positive attitude. Besides learning IT, I also learnt how to speak in English and Bahasa Malaysia. I have learnt some living skills.

Looking back, I see that I have learnt a lot in making myself a better person. When I first came to Montfort, I didn't like to study here because of the rules and regulations, but I tried my best to study and managed to follow the rules.

Montfort Youth Centre is not only an education Centre for us to learn skills but also a place for us to build our character, improve our discipline and change our attitude. Lastly, after graduating, I will continue my family business and do my best.

I would like to thank Bro. Peter K and my department instructors for giving me an opportunity to study at MYC. They are the ones who have helped me so much in my studies. All the best to the 1st year students. MYC is a good place for you all to study and learn new things every day. All of you will become successful people in the future if you work hard now. Thank you and May God bless you all.

In my life, chances were given to me and I just wasted them. I was always scared to talk with other students. These two years gave me an opportunity to allow myself to change. I can talk to others and I have improved in my English and ICT skills. Thank you Bro. Peter K for giving me this chance.

I am glad that I am writing this School Leavers message. These two years have gone by quickly. I would like to thank Bro. Peter K, IT staff, GS staff, Admin staff, SA officers, PCU staff, donors and benefactors, and all who have sponsored us and helped us.

When I first stepped into MYC, I felt this place was very boring. I feared for my future at MYC. After a few months, I realized that MYC was a good place for me. I have changed a lot. I have learned so many things at MYC such as how to communicate with each other, repairing PCs, and living skills.

Lastly, to all Batch 23 students – good luck in your future. Always remember that friendship will never end. For Batch 24, do not miss out on the opportunity to learn at Montfort. Study well. Thanks to all of you.....

First of all, I would like to express my special thanks to Bro. Peter K for this opportunity to further my education here. I could not thank enough the SA Officers for guiding me, the GS instructors for teaching me English, and the administration staff for doing the hard work of getting us sponsors.

I would also like to congratulate all my fellow Batch 23 Montfortian family for making it through our stay here. I wish you all good luck in your future.

This place felt like a stranger when I first entered, and to me, it doesn't always feel good. At times, I wished that I could be more carefree like before. It hurts to lose that freedom, but that pain is growth and that discomfort is maturing. However, all the time here has led me to learn new things and experience a new lifestyle. I am very glad for all the time that I had spent here.

First, I want to thank Bro. Peter for allowing me to join Montfort. I want to thank the IT instructors, GS instructors, and everyone who has taught me. I have improved in my IT skills and also my English language. I also want to thank the SA Officers for taking care of all of us. I also want to thank the administration staff. They call donors, benefactors, and sponsors for us. I also want to thank donors and benefactors and all those who have sponsored us.

At Montfort, I learned about compound cleaning and how teamwork can help a job of one hour to be completed in a minute. The Montfort song “I MUST I CAN” is very meaningful to me. I want to help others too. Patience is the key to life. This word is put into action at MYC. We do exercise and compound cleaning in the morning. I will try my best to take on responsibilities. Finally, I wish all of us at Montfort Youth Centre could hold on patiently until the end.

I would like to thank my mom and Bro. Peter K for giving me a chance to redo my life and also to study at Montfort. I have learned a lot of things and life skills here. I have also gained discipline and a lot of knowledge too. Before I came to Montfort, I was lazy, selfish, an indisciplined person, who was always on his phone. I have never done any house chores at all.

My studies at school went down considerably a lot. Then one day, a church member suggested Montfort to my mom. She asked me if I wanted to join. I considered it carefully and then decided to do so. When I came to Montfort, I found that the rules and the discipline were very hard to follow, especially getting up early. As time went by, it was not so bad anymore.

In the end, I could say I changed a lot. I would also like to thank all of the IT instructors, GS instructors, administration staff, PCU staff, not forgetting the SA Officers for helping me, encouraging me and pushing me to go on, even if it was hard to move on. I would also like to congratulate all my friends of Batch 23! May the Lord bless you and guide you along the way.

Firstly, I would like to thank Bro. Peter K for giving me an opportunity to study at MYC. Honestly, I did not have any interest to pursue my studies after I finished my SPM. After working for a year, my father suggested that I continue my studies. I was reluctant but finally gave in. On 23rd July 2023, I came to MYC.

Now I am going to graduate soon. It is because of believing in myself. Thanks to GS instructors, IT staff and SA officers. The SA officers have helped me to build my character and discipline. Lastly, I want to thank the kitchen staff for taking care of me. I thank the sponsors for helping MYC continuously. I thank my parents and family for having faith in me. Thank you everyone.

Two years just passed like that. Just like we slept yesterday and woke up to graduate. When I joined MYC I felt time had stopped for me. For a month I felt time was moving slowly for me. I told the SA officers about wanting to stop. The SA Officers encouraged me to continue. The officers said: “Think about your family and your future.”

They told me to stay and wait until the next holiday was over. As I stayed on at Montfort, time started to move too fast! I learned a lot of things here such as repairing PCs, cooking, speaking in English, living skills and most importantly to be a responsible person. Besides that, I also participated in the Lion Dance performances. I enjoyed myself with my friends when we performed during events at Montfort.

I am very thankful especially to Bro. Peter K for giving me a lot of opportunities to grow. Even though I had caused a lot of trouble, Bro. Peter K still gave me chances. I am very grateful to the IT Department instructors for teaching me computer skills and a lot about life too. Last but not least, thanks to my family because if they did not push me to come here, I would have lost out a lot.

There are a few things that I want to share. When I recall my past, I could see a very problematic person. In my former school, I was the laziest student in class due to my lack of interest in studies. I stopped studying when I was in Form 3. My relatives almost felt that I was hopeless, but my family did not give up on me.

Thanks to my family for discovering MYC and sending me here. It was very different to get used to studying at MYC. At first, I could not even follow a simple instruction and the rules and regulations at Montfort were challenging for a problematic person like me. I had a hard time obeying rules. Finally, as time went by, I learnt so many things at MYC.

Thanks to Bro. Peter K for giving me the opportunity to study at MYC. I also want to thank the IT instructors, GS instructors, SA officers, and administration staff for helping me during difficult times.

Anyway, Montfort has helped me to change my life and I will not forget it.

Firstly, I want to thank the Director of MYC, Bro. Peter K, for giving me the opportunity to study at MYC. I also want to thank the IT Department instructors for teaching me. When I first entered MYC, I felt homesick because I thought two years was going to be a very long time. I told my mother and she advised me to think about my future. She told me to hang on and wait until the next holidays.

During these two years, I learned many things like how to repair computers, speak English, and most of all to be a responsible person. Besides that, I also learned to play basketball! I really enjoyed myself for these two years here at MYC.

I would like to thank Bro. Peter K and all the staff. I thank Montfort for having changed my destiny. Thank you, everyone.

# Montfort Song

## **Verse 1**

Montfort Youth arise and sing;  
Sing and let your voices ring;  
Together make a joyful song  
For all to hear the whole day long.  
To work and play, to grow and pray;  
To learn the things that make us say:  
Our Joys, our Victories we shall proclaim;  
Our effort, our gains shall remain.

## **Chorus:**

“I Must! I Can!” Montfort Youth,  
from strength to strength we’ll carry on,  
with Motto like this we can’t be wrong.  
Proclaim your name both far and wide.

## **Verse 2**

Montfort Youth come gather round.  
Morning, day and night resound:  
From Brothers, teachers and friends so dear,  
To learn each day that God is near.  
We’re proud to be here,  
To serve and to cheer.  
All these with a smile and a will to succeed.  
Where there’s a will, there is always a way.  
These slogans will guide us night day.

## **Chorus:**

“I Must! I Can!” Montfort Youth,  
from strength to strength we’ll carry on,  
with Motto like this we can’t be wrong.  
Proclaim your name both far and wide.
